To: Daniel Mattos
Subject: Norris Complaint.

I am a member of the Kootenai County Sheriff Search and Rescue Team. I am campaigning for public office. In or about September 2019, an allegation of defrauding a taxing agency has been alleged against me. I have been able to provide documentation to the public, via my website, via a document from the assessor's office, via social media to prove there was no intent on my part to have two homeowner's exemptions.

On or about April 17, another member of this Department, the Sheriff, via the CDA Press, publicly stated known inaccurate information and mischaracterized the situation, thereby bringing unnecessary discredit to this organization.

I am demanding an immediate retraction and correction.

I will forward my documentation in a separate email.
